

MEDIA PRODUCTION CERTIFICATE

Total Credits: 16

Catalog Edition: 2024-2025

Program Description

This certificate is designed to provide students with the skills necessary for various careers in the media content creation industry or for transfer to another institution. This concentrated approach will provide training for first time employment or for professional development. Students in this program will gain hands-on experience using industry standard hardware and software at a basic level, and then focus their studies through elective courses.

Program Outcomes

Upon completion of this program, a student will be able to:

- Successfully record video and audio in studio and on location with various professional cameras, microphones, lights and recording devices.
- Produce and edit segments and programs of various lengths, both in studio and on location, for the media production industry, social media and the Internet.
