

ACCOUNTING CERTIFICATE

Total Credits: 30

Catalog Edition: 2025-2026

Program Description

The accounting certificate is designed to serve students wanting to upgrade their professional competence. The curriculum supports academic preparation in three principal accounting career pathways: corporate, government, or public accounting. The certificate coursework is intended to satisfy the Maryland Board of Public Accountancy's accounting education requirements for CPA licensure and the Office of Personnel Management's education requirements for accounting employment with the U.S. Federal government. **This program can be completed either on campus or online.**

Program Outcomes

Upon completion of this program, a student will be able to:

- Identify, measure, record, and communicate financial information relating to an organization.
- Interpret, analyze, and evaluate financial information relating to an organization.
